FURNITURE L L C

Founded in 1973, Schrock's Furniture is now on its third generation of building quality hardwood furniture for homes across North America. Our legacy is building quality hardwood furniture that lasts for generations. Schrock's also strives to provide top-notch customer service by building relationships with our dealers and, in turn, their customers.

Working with wood is a constant delight as we carefully evaluate each piece to discover the best way of utilizing it, then process it to maximize its use. Since wood is a natural product, each piece contains color and grain variations that will come through on your furniture. These natural characteristics give each piece of solid wood furniture its unique charm. Although the finish process is identical, no two pieces are the same, making your piece of furniture unique to your home.

OPTIONS

Sound Bar Shelf Option

Most of our TV Stands are available with a Sound Bar Shelf option. This option is designed to ensure you get the best acoustic and most stylish mounting solution for any TV sound bar. This shelf allows you to place your sound bar below deck and out of the way of your TV. The shelf is above the 2 storage doors allowing a convenient hookup directly to your TV while still having plenty of storage behind the 2 doors.
